HEART-PUMPING STYLE

This year Keystone Fuzion is introducing new on-point interior styling. We wanted to maintain Fuzion's contemporary vibe, but add a warmer more universal appeal. We accomplished that with a focus on brighter and more authentic finishes. The new design features a lighter wallboard, soft gray hardwood cabinetry and subway tile backsplash.

FLEXIBLE GARAGE SPACE

Garages range from 11' to 15' and feature a great multi-use space for a bonus bedroom, mudroom, art studio, storage, etc.

NEW & NOTEWORTHY

East/west bed slides now in every Fuzion floorplan.

HIGH-PERFORMANCE AIR FLOW SYSTEM

BLADE™ HIGH PERFORMANCE AIR HANDLING SYSTEMS

Engineered to maximize the output from today's high-performance RV air conditioners, Keystone's NEW patented air handling system delivers an average of 20% more cooling power and is built to withstand the rigors of the road. The Blade™ system is designed to accelerate air flow, eliminate leakage and failure points, deliver 360° circulation in the cabin, and withstand environmental and road stressors that lead to reduced performance.

NEW FULL-BODY PAINT DESIGN

Full-body paint is hotter than ever with Fuzion buyers. Fuzion ups the ante with an exhilarating new design in blue, red, orange and gold colorways.
