# DUTCH STAR

DIESEL PUSHER

*by Newmar*

We're making memories.  
One at a time.

Sure, we love to travel.  
And new experiences? Bring them on.  
But the quiet times when we talk about our journeys  
are what make this life so special.

Dutch Star brightens even the quiet moments.

### Your Dutch Star Kitchen

Built-in appliances, generous cabinets, Corian® countertops and undermounted sinks with single-lever faucets. All this and more helps make meal prep a breeze.

### Total Comfort

In select floorplans, our 72-inch leather/vinyl L-lounge has a relaxing incliner section and a large storage drawer in the base. Enjoy meals, board games or conversations at the freestanding oval-tabled dinette.

## Newmar's legacy lives on in new ways.

Dutch Star continues to lead the way in power, performance and personality, providing a wealth of amenities, wide-open living areas and lots of high-end options. There's plenty of innovation here—and details that make RV living come alive. People trust Newmar for this. It's our legacy to each new generation of RV enthusiasts.

### Wide, Angled Hall

This floorplan allows free, unrestricted movement through the coach, front to back, yet creates a more intimate, more architecturally interesting interior.

### Leather/Vinyl Recliner

Soft leather/vinyl enhances the comfort of this plush swivel recliner, making it a perfect living-room lounge chair.

### Bathroom Amenities

Easy-cleaning Corian® countertops, ample cabinet space and lots of rich decorative touches, including a glass shower door, enliven the Dutch Star bathroom.

### Washer/Dryer

This space-saving, energy-saving washer/dryer combo will help keep your clothing fresh and clean throughout your travels.

### Enlarge Your Dreams

Dutch Star bedrooms offer either king or queen beds with a quilted headboard and bedspread, a reverse sham and accent pillows. The bed lifts up to reveal a large bed-base storage area. Some floorplans are also available with a stylish, comfy sidechair and ottoman.

### New Dash

Our new dash configuration puts you in command more than ever. All gauges and controls are right where you need them—including an LCD Chassis Information Center with diagnostics.

### New End-cap Designs

Dutch Star's clean, crisp exterior styling gets a boost from its strikingly re-imagined front and rear end caps. They harmonize the various exterior elements and give the coach a sleeker look. Select Dutch Star floorplans are built on tag-axle chassis.

### Pass-through Storage

Optional slideout trays in the basement's expansive pass-through storage compartment make it easier to stow and retrieve items from either side of the coach. Side-hinged swing-out doors give you easy access.

### Exterior Freezer

Keep food on ice closer to your outdoor grill with this optional exterior storage-compartment freezer. It glides forward with ease on a slideout tray.

### Overhead TV

Convenient viewing from almost any position in the front living area is possible with this Sony® LCD flatscreen color TV mounted in the overhead, on the passenger side of the cab.

**Protected C-channels**  
 To keep the electrical wiring that runs through holes in the aluminum-frame C-channels from chafing, each hole is ringed with a rubber grommet.

**Sikaflex®**  
 Used throughout Newmar construction, Sikaflex elastic adhesive is one of the strongest bonding agents on the market today. It also serves as a sealant against air and water. And it helps dampen both sound and vibration.

**Newmar Express Limited Warranty**  
 For your protection and peace of mind, we at Newmar back your Dutch Star Diesel Pusher with one-year/unlimited-mileage warranty coverage: The Newmar Express Limited Warranty. Ask your dealer for an explanation and a copy of the warranty's complete terms.

**Newmar Total Comfort™ Central Air Conditioning**  
 Experience RV air conditioning just like that found in site-built homes. Newmar's Total Comfort Central Air Conditioning is actually two separate, fully ducted systems: one to distribute incoming cool air, the other to quickly and effectively remove warm air from every living area.

**16" On-center Framing**  
 Just like a fine site-built residential home, your Newmar home is framed 16 inches on center, which allows the best placement of outlets, switches and other components.
